

Program Announced For Eastburg Festival Of Celebrities

Jane Froman

Extra Seats To Accommodate Expected Last Minute Rush

ADDITIONAL BLEACHER SPACE was being arranged yesterday for Varsity E Highlights and Festival of Celebrities Show as a last-minute flurry of ticket-buying pointed to an overflow crowd Sunday afternoon.

The permanent bleachers in East Stroudsburg High School Stadium will seat about 3,200, but a check showed the capacity may be exceeded. Plans were being made to build temporary bleachers as needed to increase seating space.

The additional seating space will allow for more admissions than had been anticipated. Celebrities show officials said.

Admission can be had at sales booths at the intersections of W. Broad and Elizabeth Sts., and at W. Broad and Walnut Sts.

Tickets will be available today at Lloyd's Sporting Goods store and from Frank Lanterman, East Stroudsburg. A phone call to WVPO will bring a ticket, delivered.

A long program listing 33 entertainment points was released last night by Tom Waring, show director, the national anthem opening festivities at 2 p.m.

Reg Nauman, Varsity E president, will introduce Rev. Harold G. Durkin, who will deliver the invocation.

A parade of the county's Little Leaguers will follow—all of them on wheels.

East Stroudsburg Burgess Jesse S. Flory will talk to the crowds next; then Frank Raddler will introduce the members of the borough's Little League team—the youngsters who will be playing the stadium lights in years to come.

Neil Mershon, with an eye-opening collection of queer, serewy and antique bicycles, comes next on the program.

Boxer Tommy Loughran will appear before the crowd, with another former champ, ex-world-heavyweight titleholder James J. Braddock, and Ruby Goldstein, a boxing referee who makes a hobby of entertainment.

Monroe County "heavyweights" take over next, with 10-men teams trying to outpull each other in the preliminary tug-of-war contest.

Connie Mack, long-time great of the Philadelphia A's, will be introduced from the platform. Ira Thomas will talk for Mack.

The Pen Oak Bowmen, a team of expert archers, will stage an exhibition.

Singer Joe Marine of Waring's Pennsylvanians will entertain the crowd; TV and radio star Ed Sullivan will bring laughs as one of the show's high points.

Actor-comedian Sterling Holloway will take over for a time; the Hermann sextet, a team of nationally-known tumblers, will stage their exhibition of control and timing.

East Stroudsburg Supervising Principal Carl T. Secor will speak, introduce board members and Dr. Joseph Noonan of State Teachers College.

The Shawnee Golf Show will be checked in by Shawnee pro Harry Obitz and will feature a series of trick shots and fancy golfing. Present will be two of the world's outstanding golfers—Jimmy Demaret and Jimmy Thompson.

Internationally-known Jane Froman, actress and singer, will entertain spectators.

Miss Pocono—the recently-selected Miss Connie Beers—will be introduced.

Prizes will be given out to audience winners.

The Gardner Guards of Tyrone—top winner in drum and bugle corps contests—will show their winning style as they parade before the grandstand with an exhibition of fancy twirling.

An attempt is being made by contractor E. H. Staples of East Stroudsburg to rush construction of the lighting system so that it may be possible to wind up the festival with a symbolic throwing of the switch.

Pilot Leaps To Safety

NEW HOPE, Pa., Aug. 13 (AP)—An Air Force jet plane crashed tonight on a farm near historic Bowman's Hill several minutes after the pilot, Lt. Clifton Van Derlin, parachuted to safety.

Senate Okays Social Security Bill

Solons Reject Atomic Power Compromise

Patent Sharing On Compulsory Basis Demanded

WASHINGTON, Aug. 13 (AP)—The Senate refused to accept a compromise version of the administration's atomic energy bill today despite an 11th hour plea by President Eisenhower that passage was "in the vital interest of the United States."

It rejected the legislation on a 48-41 roll call vote, sending it back to a second conference with the House.

Senate conferees were instructed on a voice vote to insist that a section be written into the bill requiring 10 years of compulsory patent sharing by private industry entering the atomic power field.

Patent rights proved to be the big stumbling block when administration leaders tried to push the controversial legislation through the Senate under a three-hour debate limitation agreement.

The Senate's action may mean another delay in the adjournment of Congress, although some senators who opposed the first compromise said it could take only a few hours to get House agreement on the changes they want. The House approved the compromise version last week. It probably will take up the bill again when it reconvenes Monday.

Practically rewriting the Atomic Energy Act of 1946, the bill provides for the entry of private industry into the development of atomic energy, permits the Atomic Energy Commission to construct full-scale power plants if it gets special congressional authorization and allows the president to share more nuclear secrets with friendly nations.

Last month, in what Majority Leader Knowland of California called "a full-fledged filibuster," the Senate debated the measure for 13 days.

As the bill came back to the Senate in compromise form it provided for granting private firms exclusive 17-year patents, renewable for the same period, on any atomic devices and processes not conceived or made under government auspices.

It also provided that, for the first five years, concerns agreeing to share their patents would be given preference by the AEC when it grants licenses to manufacture commercial atomic equipment.

The Premier said the three resigned ministers would not be replaced immediately. He said the present government would carry on until after the Aug. 19 Brussels meeting of the foreign ministers of the EDC powers at which he hopes to sell his proposed changes.

These powers, besides Italy and France, are West Germany, Belgium, the Netherlands and Luxembourg.

Conferees Still Deadlocked On Farm Legislation

WASHINGTON, Aug. 13 (AP)—Senate-House conferees remained deadlocked on farm legislation tonight despite an unusual personal appeal for action by President Eisenhower.

Sen. Aiken (R-Vt.) reported a majority of the eight Senate members of the conference committee had voted down a proposal by Sen. Young (R-ND) to accept a two-price wheat plan that was made part of the House version of the bill.

Five Desperate Convicts Rounded Up, Along With Hostage, Within Day After Prison Break

PUZZAM, Conn., Aug. 13 (AP)—A swift-moving, three-state manhunt tonight rounded up five desperate, long-term convicts less than 24 hours after they fled, armed and with a hostage guard from a Massachusetts prison.

Heavily armed police—big city, small town and state—and FBI agents flushed one fugitive from a Pawtucket, R. I., swamp, hauled two from a stolen car near Putnam and two more from a nearby woodland.

The young guard who spent 15 terror-filled hours in the escapee's hands was rescued unharmed. A Pawtucket garage mechanic, also taken hostage by the fleeing convicts, was freed unhurt.

FBI Questions Suspect In \$124,638 Bank Holdup At Andrews Air Force Base; Two Other Men Make Getaway In Automobile

CAMP SPRINGS, Md., Aug. 13 (AP)—Three gunmen stripped the Andrews Air Force Base bank of an estimated \$124,638 today. The FBI reported one was nabbed within 15 minutes. Two other men were picked up for questioning but later were released.

A smartly dressed trio, all Negroes, forced four bank employees and four customers into a vault, slugging one airman with a pistol butt, before speeding away from the one-story concrete building with the loot.

Minutes later a Prince Georges County (Md.) detective, who did not know of the robbery, arrested on a speeding charge a man who, the FBI said, later was identified by five persons in the privately

owned bank as one of the robbers.

Two other Negroes were in the stopped car. They sped off while the driver was being booked at a police station.

Maryland State Police later picked up two men at the junction of U. S. 50 and U. S. 301, between Washington and Annapolis, and returned them to Andrews Field to be viewed by robbery witnesses. They were later released.

None of the three men was named and there was no indication any of the \$124,638 was recovered. The first man taken into custody reportedly is from New York City.

The stickup—which netted one of the biggest hauls in Washing-

ton area crime records—occurred just after the air base bank had opened at 9 a.m. (EDT) and officials said the gunmen presumably knew \$80,000 in cash had just been received at the bank.

M. Sgt. Llewellyn Baldwin, 35, of Pottstown, Pa., who saved his \$1,200 reenlistment bonus in the holdup, was one of the witnesses. He said he came into the bank to deposit the \$1,200 cash and "the first thing I saw was a man with a gun."

"He was pointing it at an airman's back," Baldwin said. "He was a small guy. He was wearing sports clothes and looked about 25 years old."

"When I walked in he pushed me toward the wall and said, 'over there, over there.'"

"After I was shoved against the wall it wasn't more than a minute and a half or two minutes before they shoved all of us into the vault. There were eight of us in the vault, three of them women."

Manager Herbert Pinckney, one of those locked in, released all eight within a few minutes, using an escape lever put there for that purpose, and gave the alarm.

The bank is not protected by armed guards during the day.

Today's robbery was the third at a military installation in this area in the past 18 months. The nearby Ft. Meade Bank was robbed of \$20,000 March 20, 1953, and again of \$40,000 the following Dec. 22.

Add 6,700,000 To Program, Hike Benefits

WASHINGTON, Aug. 13 (AP)—The Senate tonight gave overwhelming approval to President Eisenhower's program to bring additional millions within the nation's social security system and increase benefits across the board.

The measure sped through the Senate within a few hours after debate started late in the day. It was a "must" on the President's legislative program. Passage was by voice vote.

The Senate version, adding an estimated 6,700,000 persons to the 62 millions now covered and providing retirement and survivor benefit hikes effective next January, must now be reconciled with a companion House-passed bill which differs in several particulars.

Although some Senate Democrats styled the measure inadequate, there was no concerted changes in the bill as approved by the Senate Finance Committee. More than a dozen amendments were defeated by voice votes after friendly debate, and a couple were approved.

The measure falls somewhat short of the President's recommendation last January to liberalize the 1935 social security act to "fulfill its purpose of helping to combat destitution."

The measure would provide an immediate average increase of \$6 a month for 6½ million retired workers when it becomes effective next Jan. 1. The new monthly minimum benefit would go from the present \$25 to \$30, the maximum from \$85 to \$108.50. Another key provision would raise by \$12 a year the annual payment of many covered workers—and their employers—into the social security fund.

Red Chinese Pose Threat To Formosa

LONDON, Aug. 13 (AP)—Premier Chou En-lai told his Red China millions today they will capture Formosa, island refuge of Chiang Kai-shek's Nationalists, and warn the United States to stay away.

Interference, Chou said in his first major pronouncement since returning from diplomatic triumphs at the Geneva conference, will bring grave consequences.

Chou said U.S. support of Chiang's Formosa regime not only infringes on "our territorial integrity and sovereignty and interferes in our internal affairs, but also increases the threat of war in the Far East and heightens international tension."

Chou's threats were in a foreign policy statement to the People's Government Council which was broadcast by Peiping radio and monitored here.

Declaring the taking of Formosa was "the glorious historic mission of the Chinese people," Chou warned:

"If any foreign aggressors dare to prevent the Chinese people from liberating Taiwan (Formosa), if they dare infringe upon our sovereignty and violate our territorial integrity, if they dare interfere in our internal affairs they must take upon themselves all the grave consequences of such acts of aggression."

"... only by fulfilling his glorious task will we achieve complete liberation of our great motherland. We will complete the victory in the great cause of liberating the Chinese people, we will further safeguard the peace and security of Asia and the world."

The Red Premier said Formosa "is inviolable Chinese territory; its occupation by the United States absolutely cannot be tolerated, and it is equally intolerable to have it placed under United Nations trusteeship."

In Washington, officials shrugged off Chou's remarks as part of Red China's war of nerves against the Nationalists. The State Department made no comment, but pointed out that Secretary of State Dulles said at a news conference last week American forces are committed to help the Nationalists beat off any Red invasion of Formosa. The island has been under U.S. naval protection since the Korean War outbreak in 1950.

Nine Reds Convicted

PHILADELPHIA, Aug. 13 (AP)—Nine Communists today were found guilty of conspiracy to teach and advocate violent overthrow of the United States government.

A jury of seven women and five men deliberated 7 hours and 58 minutes before returning a verdict against the defendants who did not deny party membership but claimed their activities were not illegal.

The verdict ended the longest trial in the eastern Pennsylvania U. S. District Court history—71 days of testimony and argument.

Judge J. Cullen Ganey deferred sentencing pending argument on a defense plea for a judgment of acquittal or a new trial. He set Aug. 23 for the hearing.

The nine Philadelphia area Red leaders face a maximum sentence of five years in prison and a \$10,000 fine each for violation of the Smith Act. The conviction brings to 81 the national total of convictions under the Smith Act.

Judge Ganey continued the defendants in jail, \$20,000 for Joseph Kuzma, and \$10,000 each for the other eight, but ordered them not to leave the jurisdiction of the court without prior permission.

Specifically, the nine defendants were charged with "unlawfully, wilfully and knowingly organizing and helping to organize, as the Communist party of the United States of America, a society, group and assembly of persons who teach and advocate the overthrow of the United States by force and violence."

Other defendants were Robert Klonsky, 35; Sam Gobeiloff, 44, also known as Joseph Roberts; Benjamin Weiss, 39; David Dubensky, 46, also known as David Davis; Thomas Nabried, 51; Irwin Katz, 35; Walter Lowenfels, 56; and Sherman Labovitz, 29, all of Philadelphia.

Ex-Soviet Spy Granted Asylum

WASHINGTON, Aug. 13 (AP)—The United States granted political asylum today to Yuro A. Rostovtsov, a top-ranking former Russian spy in Japan who deserted to the West last Jan. 24.

At a dramatic special news conference here, Rostovtsov personally told reporters he deserted to the West because:

"I wanted to live like a decent human being. I wanted to live decently and I wanted to be able to treat other people decently."

Police Seeking Farmer Bitten By Rabid Cow

TALLAHASSEE, Fla., Aug. 13 (AP)—The Florida Highway Patrol is hunting a vacationing tourist to warn him that the cow which bit him back home may be infected with rabies.

Indiana State Police at Putnamville, Ind., and the sheriff of Morgan County, Ind., asked the Florida patrol to put out a pickup order for Ray Vickery and warn him to report to the nearest hospital for a checkup.

The message from Indiana said Vickery was bitten by a cow before leaving home for a vacation at some unknown Florida point.

Navy To Drop 45,000 From Reserve Rolls

WASHINGTON, Aug. 13 (AP)—Forty-five thousand inactive officers are going to be dropped from the Navy's reserve rolls.

Announcing this today, Asst. Secretary of the Navy James H. Smith Jr., said the slash is part of an over-all tightening up program for the Naval Reserve.

All those pruned out of the program will be given honorable discharges. Smith told a news conference. He added the 45,000 include "valuable friends of the Navy and veterans with fine service records."

Officers affected are those who have not been in reserve activities for the past three years or more. Letters of notification will start going out within few days.

Enlisted reservists will not be affected, Smith said. The Navy has only about 400,000 of these now, and the Pentagon plans to ask Congress to approve an increase to 600,000 next year.

Smith said more inactive officers will be dropped later, after their records and their wishes with respect to further reserve service have been looked over.

Today's announcement followed a poll of reserve officers which the Navy started last year. More than 100,000 inactive reservists were sent questionnaires. Slightly more than half replied. Some 25,000 resigned their commissions, another 20,000 retired and about 7,000 resumed active participation in the reserve program.

Smith said the 45,000 to be dropped now are among those who failed to respond to the Navy's search for information.

The new slash does not include medical and dental officers, aviators, officers who served actively in the Korean War or those with more than 18 years' satisfactory service.

Second Escape

RELFONTE, Pa., Aug. 13 (AP)—Edward Gorman, 29, an inmate of Rockview Penitentiary, escaped today from a prison work detail outside of the compound. The escape is the second in two days.

Notes Anniversary

WASHINGTON, Aug. 13 (AP)—Sen. Martin (R-Pa.) today noted the 56th anniversary of the capture of Manila, a military operation in which he participated as a fledgling soldier.

Temporary \$6 Billion Boost In Debt Limit Clears Senate

WASHINGTON, Aug. 13 (AP)—A six-billion-dollar increase in the national debt limit—good until next June 30—was approved in short order by the Senate today. The present ceiling is 275 billion dollars.

There was no debate on the question, only a discussion marked by expressions of sorrow that the Senate was forced to act on urgent administration appeals for authority to borrow more money so the government can meet its bills.

Actually the Senate acted to amend a House bill which would have permitted a permanent 15-billion-dollar increase in the debt ceiling. The House passed this measure at the last session of Congress, but it ran into a dead-end in the Senate Finance Committee.

Secretary of the Treasury Humphrey recently went before the committee and asked for a compromise increase of 10 billion dollars, half of it to be effective until June 30, 1955.

Sen. Byrd (D-Va.) won adoption of the six billion figure in committee, with the added stipulation that it would be a temporary boost until June 30. He said today this arrangement would provide the Treasury with a minimum working balance of about four billion dollars between now and next June.

Government obligations subject to the debt ceiling are now hovering just below the 275-billion-dollar ceiling.

The Senate's voice vote passage of the bill came after a speech by Byrd and brief comments from Sen. Millikin (R-Colo.) and Sen. George (D-Ga.), ranking minority member of the Finance Committee, and a couple of others.

George said he was "not too optimistic" that the fixed ceiling of 275 billion would be found adequate after the end of this fiscal year next June 30.

Doctor Reports Quint Suffocated

MONTREAL, Aug. 13 (AP)—To set at rest any idea that Emilie Dionne died of epilepsy, Dr. Rosario Fontaine issued a signed statement tonight saying she accidentally suffocated herself in her pillow during an attack of epilepsy.

Dr. Fontaine, Quebec medico-legal expert who performed an autopsy on the body of the 20-year-old Dionne quintuplet, wrote out his statement by hand following widespread comment by medical authorities and others on epilepsy as a factor in her death.

THE GREATEST WEAPON AGAINST COMMUNISM

A victim of an Iron Curtain Country escaped and found refuge in the United States.

In America he worked where he liked. He went to and from town, or crossed state lines as he wished. Never was he stopped and asked for "papers." Never were his belongings searched or confiscated. Never, when he went to bed at night, was he haunted by the fear of being torn ruthlessly from home and loved ones to be sent away forever. Yet these things are happening right now in his native country.

"Abroad, there is terror in many hearts," said this refugee, "that you Americans cannot understand because you have never experienced it... and God forbid you ever shall."

"This above all you must remember: The greatest weapon you have against Communism is your Bible and your Religion."

In other words, American Citizen, "Go to the church of your choice this Sunday—and every Sunday. Keep Christianity thriving. It's your mightiest weapon against the dark devices of Communism."

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Calmly Confident

In Herbert Hoover's speech to his fellow citizens in Iowa a few days ago during the celebration of his 80th birthday, one sentence above all the rest remains in our memory.

"As the shadows lengthen over my years," said the great ex-President of the United States, "my confidence, my hopes, and my dreams for my countrymen remain undimmed."

This was the voice of a true elder statesman who has lived to find the bitter voices of critics stilled and to experience instead the warmly affectionate praise of his fellow countrymen.

Not for Herbert Hoover the gloomy predictions of those prophets of doom who can see no hope for the future of our land. Not for the ex-President the pessimistic expres-

sions of so many writers through the years of our nation's history in which they express the thought that the days of the Republic are numbered.

On the contrary, Mr. Hoover looks to the future with sublime confidence, contending that civilization does not decline and fall while the people still possess dynamic creative faculties, devotion to religious faith and to liberty.

"The American people," he says with conviction, "still possess these qualities. We are not at the bedside of a nation in its death agonies!"

It is well for us to hear the spoken wisdom of a man who has devoted so many years of his long life to the betterment of mankind and whose faith in the inherent stability of our homeland has never weakened.

Time for Atomic Action

Eight months ago, in an electrifying approach to the long deadlock between the Soviet Union and the United States on nuclear weapons controls, President Eisenhower proposed before the United Nations an international atomic pool for peace. All nations that could would contribute to it, and all of the peoples of the world would benefit.

The Communists rebuffed this overture, as they have all others with their old phony stipulation that atomic warfare be outlawed first, then the controls set up. This is the cart before the horse on a scale unprecedented because no reasonable man will trust the Communists across the street. They have violated plain and simple trust, where there was no iron-clad provision to make it stick, time after time.

Now Secretary of State Dulles has announced that the men in the Kremlin have been given one last chance to say flatly "yes" or "no" on the peaceful pool plan for

atomic energy. He is asking if they want to go the last little inch of the way after a "99 per cent negative" answer in all of the negotiations on the proposal. We won't write off the proposal if the Soviets won't go along, he added. We'll go along without them.

Secretary Dulles has gone through the diplomatic formalities of the heels of President Eisenhower's declaration last week: "I should like to make every nation in the world know that there is the possibility, the potentiality here, for a great increase in their standards of living of all kinds. I don't propose to be defeated in this merely because the Soviets won't go along."

All Americans applaud this positive position by the Eisenhower Administration. The exploitation of atomics for peace too long has lain dormant because of Communist intransigence and, meanwhile, the Reds have been too successful around the world with their propaganda picturing us as an H-bomb-rattling menace.

George Sokolsky Says...

Eisenhower Has Taken Endorsement Process Which Appeals Like Purge By Indirection

Franklin D. Roosevelt tried to purge his party of Senators and Representatives and, with one exception, he failed. Roosevelt was at the height of his popularity, pretty much the master of his party and probably the ablest political operator ever to have sat in the White House. But he failed when he applied the purge method to American politics.

Now President Eisenhower has undertaken a process of endorsement which gives the impression of being a purge by indirection. The President poses with a candidate in the 1954 campaign before a photographer. The candidate is then free to exhibit the photograph as a tacit endorsement of himself by President Eisenhower. It is then to be assumed that those who are not so photographed are not endorsed by the President. If those not in a joint photograph are elected and those who are so photographed are defeated, what is the political status of the President?

Whoever evolved this formula must be a novice in politics. Senators and Representatives are elected on a basis of local interests. They are rarely, if ever, chosen in any state on a broad national program. The endorsement by President Eisenhower may be an advantage in some places; in others, such an endorsement can mean very little. For instance, in a state where the Farmers Union prevails poli-

tically, an endorsement by President Eisenhower can be of no greater value than an endorsement of Secretary of Agriculture Ezra Taft Benson. Emanuel Celler, to cite another example, will not be defeated in his particular district in Brooklyn even if his opponent is photographed with President Eisenhower, whether such a defeat is justified or not. It will be interesting to see if such a photograph defeats the Veep, Allen Barkley, in Kentucky, or if it elects Clifford Case in New Jersey. In each of these situations, local conditions and personal equations will determine the results.

The purge is dangerous because it adds another element to the division within the Republican Party. The split started in the 1952 convention between the Taft and Dewey supporters. Eisenhower was not a factor in it, as Senator Robert A. Taft established while he was alive. He joined forces with Eisenhower and called upon his personal followers to pursue the same course. Taft spent much of his time and his waning energy to establish unity within the Republican Party.

I was present at a small dinner when Taft appealed to six of his personal friends to support Eisenhower and his logic was irrefutable. Those who had confidence in his judgment agreed to abide by his decision. As long as Taft lived, wounds were being healed; when he died, the Taft element lost contact with the White House. They were offended by the screening process insisted upon by White House and Republican National Committee officials who had been their opponents at the convention and whom they regarded as minions

of Tom Dewey whom they disliked and distrust.

None of this had anything to do with Joe McCarthy. As a matter of fact, McCarthy never belonged to the Taft element in the Party. In 1948, he had been a Stassen manager; in 1952, he was closer to the Eisenhower than the Taft group. While Taft and McCarthy were very friendly, they had never become close political associates.

Nevertheless, as the quarrel between the White House and McCarthy developed, the Taft element in the Party tended to support McCarthy. Again it was not so much opposition to Eisenhower as to the so-called Dewey Team in Washington. The testimony at the McCarthy-Stevens hearing established beyond doubt that the principal anti-McCarthy element within the Republican Party were those most closely associated with Dewey, namely Herbert Brownell, Jr., William Rogers, Sherman Adams, Henry Cabot Lodge, Max Baer, James Hagerly, Joe Welch, the humble lawyer from Weston, was recommended by Tom Dewey.

No one has been able to do anything about this schism to date although many have tried, particularly the Vice President, Richard Nixon. While originally the quarrel arose largely over personalities, today it has become a question of control involving the relationships of the Executive and the Congress. To this must be added a contest over the control of the Republican Party, whether it is to be in the hands of those who for 20 years stood by the Republican Party or those who were associated with the Roosevelt and Truman Administrations.

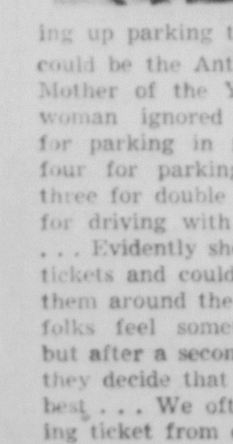

at their heels either... That was quite a party thrown for Herbert Hoover, ex-President and a great American who over the years got a merciless roughing up from his countrymen for talking straight, calling the cards as he saw them, putting honor above the main chance and believing 100 per cent in the American way. A hero for his work for the starving victims of World War I, Herbert scaled the heights of public esteem and was chosen President, only to be crossed up by a jinx which put his White House chair on the "brink of an abyss." At the very peak of national prosperity, happiness, easy living and good clean fun, the worst depression in history collided with Hoover head-on.

From the Number One Humanitarian, the Great Rescuer, the Good Servant to the Starving Belgians and a heroic American figure—wham!—everything went black, and he became Mister Depression, Low Man on the Tooten Pole, Simon Legree, Old Man Blizzard and the Villain of the Piece.

Looking At Life

Abilities, Inc. Employs Only Handicapped People

I wish you could have been with me the other day over in Long Island when I witnessed the closing of a factory.

But, unlike at other closings of a business, the 118 employees of Henry Viscardi, the boss, were in a festive mood. He stood at the door and shook hands with every one of them and wished them a fine time.

And then they went on their way, in wheel chairs and on crutches, a few of them led by seeing-eye dogs — on a well-earned two weeks' vacation.

For that is the only reason why this factory closed for two weeks, not because business was bad. As a matter of fact, business has been so good that Viscardi is making considerable expansion right now.

The name of the firm is Abilities, Inc. Its success is due to the faith Henry Viscardi, a cripple himself since childhood, has in the ability of handicapped people to earn their own living and become useful members of the community—and of their own families.

Be believed that the disabled and deformed could work with special training and tools and so, two years ago, he borrowed \$4,000 from a banker and raised smaller loans from friends.

He started with a 40x40 foot garage and with one crippled employee who now, by the way, is his plant superintendent. He went out to look for contracts and soon landed his first one, lacing harness for cable assemblies. He hired additional help, three of them. According to him there was one good leg among the five and six good arms.

Now, after two years, Abilities, Inc., has plenty of contracts, all obtained strictly on competitive bidding and on merit. Among his customers are such firms as Ford Instrument, Sperry Gyroscope, Republic Aviation and Gruman Aircraft.

For the first year his profit was \$500. In two years he has paid out \$280,000 in salaries, and in the past year his factory completed more than a half million dollars worth of military goods.

Viscardi figures that had it not been for Abilities, Inc., the public would have paid out at least \$128,000 to support the men and women (yes, there are women, too now) employed by him.

When the vacationers return to work they will find enlarged facilities, and more handicapped people will be employed.

And the reopening will be just as happy an occasion as the closing was.

There is a lot of talk going on about employing the handicapped, but not nearly enough is being done about it.

I am sure that nine out of 10 men and women who have either been born crippled or who have become disabled later on, would much rather be able to earn their own living than to live on what they MUST consider the charity of the public or their relatives.

It is no more true that those people cannot be usefully employed than it is true that old people are unfit for jobs.

Their very handicap gives them a greater sense of responsibility and the WILL to make good.

Try and Stop Me —by Bennet Cerf

The acoustics in an old vaudeville house were notoriously defective, and after years of complaints by the clientele, the manager finally decided to install brand new equipment. The day the renovated theatre reopened, the manager stood in the back of the orchestra to check on the results. The first act he caught featured a European juggling and acrobatic troupe. The man who introduced the tricks, unfortunately, had never bothered to learn English, and nobody could understand a word he said —the manager least of all. He cupped his ears trying to get the drift of the announcer's remarks, then shook his head dolefully and declared, "This new system is no good at all. I understood better with the old one!"

Construction Costs To Hit \$36 Billions During Year

Washington — Commerce Department experts now estimate total construction expenditures for this year will reach the stupendous peak of \$36,000,000,000 — 2 per cent more than last year's record figure... Another all-time record will also be set in meat production. Agriculture Department specialists figure that more than 30,000,000 head of cattle will be slaughtered in 1954, to produce the greatest amount of meat in American history... And a significant record is being compiled in still another major economic field. In the first six months, approximately \$14,000,000,000 in installment debt was paid off. That is \$800,000,000 more than the total of new credit and \$2,000,000,000 more than repayments in the same period in 1953.

Battle for Formosa — Senate leaders have been told that Formosa will be held at all cost. The momentous information was imparted by Admiral Arthur Radford.

The chairman of the Joint Chiefs of Staff confirmed what had been previously indicated by State and Defense Department officials while he was discussing the Far Eastern situation in general. Republican Senators Everett Dirksen, Ill., and Henry Dworshak, Idaho, asked particularly about Formosa.

"Chinese Nationalist forces have improved in the past year and they are continuing to improve," replied Radford. "We are giving them some ships and new aircraft. They are engaged in a training program of considerable magnitude, and are supporting themselves on the whole."

"In view of the new situation in Indo-China," said Dirksen, "is Formosa taking on new importance; is it more necessary than before?"

"Yes," replied Radford. "Formosa must be held at all cost. It is of the utmost importance to our defense system."

Senator Dworshak, who has indicated doubts about the military value of the Nationalists, bluntly asked Radford his view.

"Do you think we can rely on Chiang Kai-shek in a showdown," said Dworshak.

"I do," asserted Radford. "There is absolutely no question of that in my mind. I am fully

convinced the Nationalists are reliable and we can depend on them in any showdown with the Communists."

The head of the Joint Chiefs was questioned about reports of defection on the Chinese mainland, particularly in the south.

"It is generally accepted by those who know China that south China was never Communist," said Radford. "It is my understanding that north China, on the other hand, had many Communists over a considerable period of time. I believe that in the event of an invasion of the mainland, the south Chinese would respond to the Nationalists."

Senator H. Alexander Smith (R., N. J.) remarked, "Of course, that is speculative."

Radford agreed, but added, "While it is speculative, it is a view held by many who know China thoroughly."

Tough life — Senators William Langer (R., N. D.) and Edward Thyne (R., Minn.) rarely agree on issues, but they found themselves in hearty accord on one thing during the battle over the agriculture price support bill.

This was the tough and uncertain lot of the folks who grow the nation's crops.

Langer and Thyne own farms in their home states, and during the Senate discussion of the controversial legislation, they got to swapping sad experiences they have encountered this year.

"Two weeks ago," lamented Langer, "it was necessary to dust my fields against army worms. We are also being threatened with grasshoppers."

"We have them too," sighed Thyne. "Grasshoppers can be awfully bad."

"Does Minnesota have crickets?" continued Langer.

"Minnesota is blessed with everything that North Dakota has," replied Thyne dolefully.

"Worms, grasshoppers, bugs, they aren't the only things that plague farmers," wailed Langer. "After a crop has come up, hot winds may strike and shrivel it up."

"Or the crop may be stricken with rust," added Thyne.

"And then there's always the danger that the farmer's work and investment may be destroyed by a hailstorm," said Langer.

Newspaper Advertising Aids Nation

Newspaper readers — those of The Daily Record and all the nation's newspapers — have their favored reading matter, and that is why every newspaper seeks to give its best in every inch of space it has available.

There is one portion of the newspaper which is particularly important to every reader and his pocketbook — that is the space devoted to advertising. The economy of any given community is bound up in reaction of readers to advertising, so it follows that the nation's economy reacts to the impact of advertising in newspapers in the same proportion.

It is not alone the advertising of goods on the shelves, or the services offered, which gets reader reaction, but there is a field of public service which newspapers and advertisers serve with amazing results.

Last year, for instance, the nation's newspapers and their advertisers contributed more space to national public service projects than in any year since World War Two.

Fourteen different campaigns were supported in this manner. Some of them were:

The U. S. Savings Bonds, Forest Fire Prevention, Stop Accidents, National Blood Program, Better Schools and Religion in American Life.

The newspaper advertising was worth an estimated \$9,830,170. This marks an increase of \$700,000 over the previous fiscal year.

Matching this in valuable newspaper space was the editorial promotion of these major public service programs.

Results obtained in the measurable campaigns show dramatically that the American citizen responds voluntarily to help his neighbor in need, to help his country, or his own family.

For instance, during the year 23,000 more citizens volunteered to watch the skies for Ground Observer Corps; 21 Governors proclaimed November as Religion in American Life Month last year, and Americans joined religious congregations at twice the rate of our national population gain; the 1953 accident death toll was 1,000 below that of the previous year; E. and H. Bonds in citizens pockets now total more than \$36.6 billion — an all-time high; and the Red Cross, due in large measure to campaign efforts, raised \$85 million, in addition to meeting demands for blood from the civilian and Armed services groups.

Bulletin: Top New Jersey Republicans are powwowing at this minute in a mid-Manhattan hotel to force the Eisenhower-ADA backed Clifford Case off the ticket as GOP Senate nominee, or otherwise they'll run a third party candidate. Most of them (including so many Dems it will knock you on your ear) want Major Gen. Kirke B. Lawton. I hope he takes it. He's the Ft. Monmouth commander who got the Douglas MacArthur treatment from the Marshall clique which still runs the Army for daring to expose Reds in the Signal Corps radar labs. Lawton receives the bounce officially from the nation he served so long, so faithfully and so gallantly on Nov. 2 — the reward of a "grateful" republic! I hope you're as sore about this as I am. Until then he's healthier than you. The story he can and will tell in November (which the Commander-in-Chief forbade him to tell at the McCarthy-Stevens hearings) is so shocking it will sicken the country. Let's all move to Jersey and vote for him!

Second Bulletin: Joe McCarthy is reading a new bombshell. He will name dozens of Reds still in high government posts!

He said that Paul was a gambler, among other things. This trend was started at the Leonard Goldstein funeral in Hollywood a couple of weeks ago when Nunnally Johnson, the writer, started his eulogy of the producer by saying: "The last time I saw Leonard he was with a beautiful girl!"

Group Rules Against Having Drought Emergency Declared

Federal Loans Are Available To Farmers

HARRISBURG, Aug. 13 (AP)—The Pennsylvania Drought Committee, while finding crop conditions serious, decided today against seeking to have the state declared a drought disaster area.

The committee reached its decision after receiving reports of drought conditions in 32 eastern counties of the state, which have piled up a staggering loss of 20 million dollars.

Declaring the state a drought disaster area would have entitled farmers to buy surplus federal livestock feed at reduced prices.

The committee noted in a statement that federal loans are available to farmers without declaring a drought emergency.

Monroe, Northampton and Carbon Counties, along with others to the south, were numbered among the counties considered to have been hardest hit by the drought.

Rains in the last two weeks have relieved the situation, although farmers report that more is needed to replenish the moisture that has steadily disappeared from the soil during the long drought.

Pickets Clash With Police In Munich

FRANKFURT, Germany, Aug. 13 (AP)—First-aid police and union pickets clashed in Munich streets today in the fifth day of Bavaria's critical metal workers strike.

Three hundred police clashed with 2,500 angry strikers and sympathizers at the gates of the big Siemens electrical plant when 5,000 employees tried to pass through picket lines.

Eight strikers were jailed. Dozens were injured, although most policemen did not use their clubs.

Erwin Essl, Bavarian union chief who appeared in a radio broadcast to strikers last night to maintain better discipline, was caught in the outbreak. He was not injured.

At Amberg, the town police force of 65 was quickly reinforced by 20 riot squadsmen from Eichstätt and 50 state police from Regensburg when violence threatened at a Siemens plant there. Police reserves kept back a crowd of 500 strikers protesting against 100 employees who returned to their jobs.

Bavarian Labor Minister Richard Cechle, a Socialist, announced tonight that both management and labor—representing 600 plants and 229,000 employees, would meet Monday to consider his compromise proposal of 2 cents an hour wage boost.

The strike began last Monday when union demands for 3 cents an hour more were refused. Management offered 1½ cents. Metal workers had averaged \$88 monthly before the walkout.

Oechsle appealed to both sides to reopen negotiations to save Bavaria's economy from a grave setback.

A similar mediation move succeeded in ending a nine-day strike in Hamburg yesterday when 15,000 public transport and utility workers were granted 1.6 cents an hour increase. They had asked 2.3 cents.

Six persons were injured, three seriously, late today at Osterode when 150 striking plaster workers clashed with some employees who went back to their jobs.

Mayor Quizzed Fourth Time At Murder Probe

CLEVELAND, Aug. 13 (AP)—Bay Village Mayor J. Spencer Houk was quizzed again today on what he knew about the Sheppard murder case. After five hours he went home, and Police Chief Frank W. Story said there was no reason to hold him.

The chief also said "we had to restrain the mayor physically" when he was confronted at Central Police Station by Dr. Stephen Sheppard, brother of Dr. Samuel H. Sheppard. He added that the mayor wanted to "punch him in the nose."

Dr. Samuel Sheppard is being held in county jail on a first degree murder charge in the July 4 slaying of his pregnant wife, Marilyn, in their Bay Village home.

Story said Mayor Houk was questioned for the fourth time since the investigation began because of information supplied by Dr. Stephen Sheppard.

The chief said nothing of value to the murder investigation had been uncovered in today's questioning of the mayor.

Three hours after the quizzing began, Dr. Stephen Sheppard was called into the room where police were talking to Houk. After another two hours, both left, declining comment. The mayor merely said "I'm going home."

Indians Plan March On Goa

NOVA GOA, Portuguese India, Aug. 13 (AP)—Portuguese authorities in this seacoast colony surrounded on three sides by Indian territory speeded defense preparations today against a threatened Gandhi-style "liberation" invasion Sunday.

Armed police sealed off all border areas facing India and restricted entry to those with special safe conduct passes. Loudspeakers along the Indian frontier warned trespassers to stay out of Portuguese territory. Troops moved into position to back up police and civil defense forces.

Paper stickers plastered on the windshields of nearly all automobiles and buses said in Portuguese, "Out with the invaders" and "Defend our country, long live Portugal."

Pro-Indian nationalists picked Sunday to stage their march on Goa because it is the seventh anniversary of Indian independence from British rule. Indian Prime Minister Nehru gave his blessing today to plans for the march in a New Delhi speech, laying down only one condition—that the marchers stick to India's professed principles of non-violence.

Leaders in the Sunday invasion have announced they will enter Portuguese territory unarmed, carrying only Indian flags.

26.5 Per Cent Of Teachers Possess Master's Degrees

ABOUT 26.5 PER CENT of Monroe County's 200 school teachers hold master's degrees; 44.5 per cent have bachelor's degrees; 27 hold certificates with two or three years of college and two per cent possess other types of educational background.

This information is disclosed in the annual report of John C. Litts, superintendent, compiled this week.

Fifty-three instructors are recorded as holding master's degrees; 89 have baccalaureate awards; 54 have two or three years of college; one is a secondary school graduate and three have other type certificates.

In addition to Litts and Assistant Superintendent Walter Sebring, county schools have six supervising principals; two supervisors; a psychologist, who spends .04 of his time in the county; two special teachers; a school nurse; 93 elementary school teachers; one kindergarten instructor; six elementary principals; 83 secondary school instructors and three junior-senior high school principals.

Nine of the 200 teachers are categorized as under the "emergency" plan because of the shortage of instructors, it is pointed out. Of the total 115 teachers are women; 85 are men.

Only 24 teachers hold standard teaching certificates, the report shows. The bulk, 137, have college certification and 39 hold normal diplomas.

Twenty-eight teachers have 30 or more years experience, and 10 of those have spent the entire time in the district they still instruct.

The report shows that 16 teachers have from 25 to 30 years experience; 28 have 20 to 25 years; 32 have 15 to 20 years; 25 have 10 to 15 years; 38 have five to 10 years; 18 have three to five years; eight have two to three years, and seven just completed one to two years.

Court Refuses To Bar Award Of Contract

HARRISBURG, Aug. 13 (AP)—The Dauphin County Court today refused to prevent the award of a 1½ million dollar liquor warehouse contract negotiated without advertised competitive bidding.

In the opinion written by Judge Homer Kreider, the court threw out a request for an injunction made by the Quackenbush Warehouse Co., Scranton.

Quackenbush had sought to stop the State Liquor Control Board from awarding a contract to Arnold Bisconti, Nanticoke. Quackenbush had performed the service for 20 years previously.

In the opinion, the court said: "We fail to see that the plaintiff (Quackenbush) in his capacity as a taxpayer is entitled to relief because he failed to show any detriment, irreparable injury and expense to the commonwealth or its taxpayers."

"In fact, . . . the taxpayers of the commonwealth will gain and save \$172,000 if the low bidder, Arnold Bisconti, is permitted to proceed with his contract."

Quackenbush had contended the Liquor Control Board should have advertised bids for the contract. The court, pointing out that Quackenbush had done work on negotiated contracts, added:

"We hold the contract in controversy is a service contract and that the board was not required as a matter of law to invite bids by advertisement or otherwise as a condition precedent to the awarding of such a contract."

The 20-page opinion also said Quackenbush failed to prove that the board, in signing the Bisconti contract, violated the liquor code or the administrative code.

"No fraud, collusion, legally disqualifying error, bad faith or arbitrary abuse of discretion has been proved by plaintiff (Quackenbush)," the opinion said.

Water Carnival Rehearsals Set

PRELIMINARY rehearsals for Stroudsburg's annual water carnival will be held at 10 a.m. today at the pool.

The carnival, with the theme "Happy Holiday," will be staged Aug. 20, by the pool staff of five, headed by Mahlon Serfass.

The pool will be closed Tuesday while a fireplug is installed nearby. The swimming meet scheduled for 1 p.m. Tuesday will be postponed to 1 p.m. Wednesday.

Senate To Hire Attorney To Defend Sen. McCarthy Against Flanders Charge

WASHINGTON, Aug. 13 (AP)—The lawyer who represents Sen. McCarthy (R-Wis) in the forthcoming Senate investigation of McCarthy's official conduct will be paid out of government funds.

This decision was announced today by Sen. Watkins (R-Utah), chairman of the special committee which is scheduled to start hearings Aug. 30 on moves by Sen. Flanders (R-Vt) and others to censure McCarthy.

McCarthy had suggested that the Senate pay his lawyer. He also called on the Legislative Reference Service to look over the precedents—the history of cases in which other members of Congress have been given counsel in election contests and other proceedings.

Watkins said the decision to provide McCarthy with a lawyer—of his own choice—has the approval of both Republican and Democratic senate leaders and Sen. Jenner (R-Ind), chairman of the Rules Committee.

McCarthy didn't say what lawyer he would pick. The expectation was that he would name Edward Bennett Williams, a Washington attorney who has represented him in the past.

The Senate voted \$30,000 to the Watkins committee Wednesday to carry on the new McCarthy inquiry. Watkins told reporters the six-man committee has agreed part of the money should be used to hire McCarthy a lawyer. "We haven't set aside any specific sum," he added.

Pocono Pines Horse Show To Benefit Community Fund

Pocono Pines—The whole community is joining this year in promoting the Pocono Pines Horse Show to be held on Saturday, August 21, beginning at 11 a.m. behind the school at Pocono Pines on Route 990.

Proceeds from the show will this year be devoted to a Community Fund to be used at the discretion of the committee which will include representatives from the Methodist and Reformed Churches, the School, Pocono Preserve, Pocono Pines Improvement Association and the Horse Show Committee.

Last year's show, which drew from many sections of the county, was for the benefit of the school.

There will be no admission charge for spectators or for ring-side parking, although donations will be accepted. The women of the churches are catering for and serving at the refreshment stands. Community business places are donating trophies to be awarded in each of the 21 classes.

There will also be cash prizes in four classes for jumpers. Already entered are many of the camps and stables which exhibited at last year's show. Arthur Gimore's small sons, of Bethlehem, who proved so popular last year, will again enter in the open jumpers class.

Among the local camps entering will be Pine Tree Camp and Camp Owaissa, Pocono Pines, and local stables represented will include Meadowbrook Manor Riding Farm, Split Rock, Pocono Manor Stables and Buck Hill Stables. The Patterson Stables at Bethlehem will also have entries.

Open jumpers and hunters will be exhibited by individual owners from Dalton, Chester Springs, Birchrunville, and Port Kennedy.

Further entries should be in by August 17. Charles R. Fox, Pocono Pines, is registering the entries.

There will be 21 classes, of varying difficulty. Recreational camp horsemanship for children under 14, and those over 14: recreational camp jumping, three-gaited saddle horses; and pleasure horse classes will be judged.

Cash awards will be made in the Knockdown and Out; In and Out jumping; the open jumper class and the open jumper stake.

Championships will be decided for Recreational Camps; working hunters and open jumpers.

Yearbook Staff Gets Head Start On SHS Pioneer

The first meeting of the staff of Stroudsburg High School's yearbook, "The Pioneer," was held last night at the home of the editor, Sue Harmon, in LaBar's Rhododendron Nursery. Preliminary plans were discussed.

The staff plans to call all seniors within the next week to schedule individual pictures at the photographers.

Present for the meeting were: Sue Harmon, Connie Puleo, Mildred Kulp, Ruth Fetherman, Nancy Feller, Audrey Albert, Sue Driebe, Marie Cohen, Lauren Flagler, Elaine Ackerman, Jackie Heller, Mike Cohen, Sally Rayburn, Kay Shook, Marty Williams, Ada Zugel, Nancy Westbrook, Mary Houck, Pat Stalmer and Helen Kuchinski.

Refreshments were served after the meeting.

Just Between Us

—By Bobby Westbrook

That was quite a farewell surprise party his co-workers pulled on Jim Gaffney yesterday. Since the typical newspaper man would rather be caught dead than sentimental, the farewell speeches were mostly on the "We come to bury Caesar not to praise him," variety.

The deeper the insult, the greater the compliment, sharing farewell honors with Jim was Ruthie Ottaway, who certainly earned her snurs during her six weeks' stint in the editorial offices.

Well, they left with everyone's best wishes but something tells me we're going to need them these next few weeks, but good. Everything is starting to happen.

The first chill in the morning air and the executive boards start getting busy for those first fall meetings. From the looks of things everybody will be working up a sweat, regardless of the temperature.

What really gives you cold shivers, though, is to read of the first meeting of the high school yearbook staff. Summer isn't over and here we are looking forward to June graduations.

Well, we've still got the Highlights and the West End Fair and the Ann Logan card party to keep us anchored to the present, thank goodness.

Shower Beats Stork But Only By Six Hours

Swiftwater—A baby shower for Mrs. Donald Dyson last Thursday night turned out to be a close race with the stork. Less than six hours after the party, a son, weighing 8 pounds, one and three-quarter ounces, was born to Mr. and Mrs. Dyson at the Monroe County General Hospital. He has been named Danny Thomas. Mrs. Dyson is the former Barbara Smith, daughter of Mr. and Mrs. Frank Smith.

The shower, given by Evelyn (Mrs. Frank) Smith and Sara (Mrs. Thomas) Dyson, at the latter's home, was a pleasant surprise for the young mother. A bassinet, trimmed in pink and blue crepe paper, with a stork at one end holding the handles which were brought together with a huge pink bow, held gifts. Sketches of babies at either end of the fireplace flanked the sign "It's All on Account of You." The table decoration consisted of four blue painted bottles to which were tied small clothesline with miniature baby clothes pinned on it. The napkins were folded as diapers with small gold colored pins securing them.

After opening the gifts, games were played, and refreshments served. Those attending the party were: Mabel Anderson, Ruth Besecker, Ethel Youngken, Lillian Merring, Linda Merring, Pauline Keiper, Dorothy Dyson, Lucy Rowe, Patricia Frantz, Jean Trenholm, Marie Smith, Betty Sebring, the hostesses and guest of honor.

Those who sent gifts were: Beatrice Dyson, Emma Dyson, Mabel Johnson, Emma Dunbar, Betty Butz, Hazel Custard, Vivian Butz, Sally Youngken, Louise Stout, Edith Stout, Madelyn Motta, Jean Motta, and Delys Kresge.

DeHavens Honored On Anniversary At Son's Home

Mr. and Mrs. Layton DeHaven celebrated their 40th wedding anniversary on Sunday with a family dinner at their son's home in Bradburyville. A decorated anniversary cake and flowers decorated the dinner table. They received many gifts.

Those attending were Mr. and Mrs. Jacob Walz Sr. and family, Mr. and Mrs. Harold Litterly and son, William, Mr. and Mrs. Jacob Walz Jr. and daughter, Mr. and Mrs. John Lutterly and son, James, Mr. and Mrs. Stewart Wertheimer, and family, Miss Hattie Miller, John Miller, Mrs. Ruth Brong and family, Joseph DeHaven and the guests of honor, Mr. and Mrs. Layton DeHaven.

Mrs. Janet Van Horn and Mrs. Lizzie Walz called later in the afternoon.

Junior Women To Usher At 'Highlights'

The Junior Woman's Club of the Stroudsburgs will be in charge of the ushering at the Eastburg Highlights Celebrities Show on Sunday afternoon. Fourteen members of the club will serve.

They include Mrs. Warren Mikels, club president; Mrs. Lewis Scheller, Mrs. Earl Warner, Mrs. William Thomas, Mrs. Rudolph Blitt Jr., Mrs. Charles Balz, Mrs. William Bolcar, Mrs. Kenneth Wertheimer, Mrs. Wilson Knoe-bone, Mrs. Betty Ann Woolever, Mrs. William Morgan, Mrs. Robert Altomose, Mrs. John Shiley and Mrs. Richard Fredenberg.

Blanshards To Lecture At Buck Hill

Buck Hill Falls—Dr. Brand Blanshard, head of the Department of Philosophy at Yale University, and former Swarthmore College professor, will lecture on "The Sources of Serenity" at The Inn at Buck Hill Falls on August 15. Dr. Blanshard is the author of "The Nature of Thought."

On August 16, Mrs. Blanshard, former Dean of Women at Swarthmore, will conduct a forum hour at The Inn on the subject of "Portraits of William Wordsworth."

Picnic Dinner Follows Baptism Of Susan Rustine

Appenzell—Susan Robin Rustine, daughter of Mr. and Mrs. Verdon Rustine was baptized Sunday at church services here by Rev. E. T. Horn.

A picnic dinner was held afterwards in the grove. Attending were grandparents, Mr. and Mrs. Jacob Rustine and Mr. and Mrs. Morgan Britz; great grandparents, Mr. and Mrs. Norman Britz and Mr. and Mrs. Walter Rowe.

Other guests were Mr. and Mrs. Henry Kistler, Mr. and Mrs. George Prosser Jr., and Sr., Rev.

Miss Suzanne M. Dimmick

Scholarship At U. Of P.

Miss Suzanne M. Dimmick, of 705 Milford Road, East Stroudsburg, has been awarded a Senatorial Scholarship.

She is the daughter of Mr. and Mrs. Lester V. Dimmick. She entered the June class at the University of Pennsylvania School of Nursing after graduating with the class of 1954 from East Stroudsburg High School.

The scholarship is good for four years.

Supper, Bazaar At Bushkill On August 26

Bushkill—A committee of the Ladies Aid Society of the Dutch Reformed Church met on Wednesday night at the home of Mrs. William Cook, Plans were discussed for the annual church bazaar and supper which will be held on Thursday, August 26. The bazaar will begin at 3 p.m. and supper will be served from 6 to 8 p.m. Tickets will be available at the door.

The bazaar will consist of a baked goods table, fancy work and white elephant tables. Committees for the bazaar will be announced.

The supper committee will be Mrs. William Cook, Mrs. E. B. Bartram, Mrs. N. C. Fauett, Mrs. N. K. Eschback, Mrs. Robert DePue, Mrs. B. H. Bensley, Mrs. Roy Riley, Mrs. Horton Stettler is a member of the committee but will be unable to serve.

Those attending to plan the menu were Mrs. Walter Brandt, president, Mrs. Cook, Mrs. Bartram, Mrs. William Laubner and Mrs. Bensley.

The Wrights Fly Home From Brazil

Rev. and Mrs. James N. Wright and children, Sylvia and Nelson, arrived on Thursday night from Brazil where they have been serving as missionaries since 1950. They will visit Mrs. Wright's parents, Mr. and Mrs. Earl Cole, East Stroudsburg, until the Fall term opens at Princeton Theological Seminary. They will spend their year's furlough in Princeton.

The Wrights were due to arrive last Sunday, but a storm over the area in Brazil canceled the flight. They were met at the Idlewild Airport by Rev. Alex Crossan of the Middle Smithfield Presbyterian Church, and flown home from there. They landed at the Hamilton Airport about 8:30 on Thursday night. This is the first visit for their children, both of whom were born in Brazil.

The five Presbyterian Churches of Monroe County combine to support the Wrights in the mission field. Mr. Wright is principal of Institute Ponte Nova in Brazil.

WSCS Plans Opening Events For Autumn

The district officers of the Women's Society of Christian Service of the Methodist Church will visit the East Stroudsburg WSCS at a special meeting October 14. It was announced at the meeting of the executive board held this week at the East Stroudsburg Methodist Church.

The local WSCS will invite members of all the WSCS groups in the county to attend at that time.

There were 22 present for the board meeting including Mrs. Harold Eaton and Mrs. Sturges Bogert, members of the advisory board.

Tentative plans were made for a rummage sale in October, and supper and bazaar later in the year.

The executive board will meet the first Wednesday of each month after prayer meeting, it was decided. Regular meeting of the WSCS is the third Thursday of alternate months with the first regular meeting scheduled for October 21.

Mrs. Eaton asked for volunteers to help houseclean the kitchen in preparation for the winter activities. Those who wish to help will meet at the church at 10 a.m. on Thursday, August 19.

Fire Co. Aux. Gives \$1,500 For Building

Kunkletown—The new firehouse in Kunkletown is rising rapidly as the men of the community contribute their services. Funds for the building are also increasing. At the meeting of the Ladies Auxiliary to the Kunkletown Fire Co., the members turned over \$1,500 to the building fund.

Representatives of the Auxiliary will meet with the fire company to select a building committee to insure the steady progress of the building. The officers of the auxiliary will meet with the men's group at their next meeting.

Kenneth Keller, secretary of the Fire Company, spoke at the auxiliary meeting on Monday night, explaining the need for funds.

The women also have their share in the building, since the auxiliary served a pepper pot dinner to the men working on it on Saturday.

The auxiliary scheduled another penny supper for September 18 in the church basement.

Gideons Meeting

The Gideons of the Stroudsburgs will hold a business meeting on Tuesday night at 7:30 at the home of L. B. Flory, 501 Queen St., Stroudsburg.

If I were to nominate anyone as the Best Sport of 54 it would undoubtedly be Laura Fabel, who asks with a smile, "Can't anybody keep a secret around here? Is nothing sacred?" She reminds me that I'm in danger of being branded "a snoopy reporter." This cuts me to the quick. I'd much prefer to be called "Scoop." . . . Here is just another reason to come shopping at Wyckoff's: the stability of the scales in our front entrance. Coming from the studio yesterday I saw three women clustered about the weight machine, and heard one of them say, "Well THIS one doesn't wiggle like that other one did. It isn't a bit shaky." One thing I do know, the scales on our mezzanine agree perfectly with those in my doctor's office, and of late I like what they're saying. Fact is, if THIS continues, I'm soon going to audition for the title role in "The Shadow." . . . John Wilhoite collected his pay check a few days early this period in the interests of a trip to Oklahoma with his family. His very musical father is planning a flight to Alaska, he said, and will leave from Tulsa. Happy trip, and here's hoping John strikes oil. . . . Never has history given us a more maligned character than Mary Todd Lincoln. She was, according to her critics, mean, grasping, dominating, unloving and greedy, a false impression deliberately created, her admirers swear, by Lincoln's enemies. Of late, however, writers have endeavored to do away with this character smearing and to show her as the vivacious, witty, delightful wife she really was. The most recent defense of Mary comes from the typewriter of Irving Stone in the book "Love Is Eternal," published by Doubleday at \$3.95. Stone is the author of such previous best sellers as "Imagined" and "The President's Daughter." He is a terrific story teller, but his heart is far softer than his name. HERE is a boy who loves a love story, and tells it brilliantly and sympathetically. . . .

Blanche Mackey is still describing the beautiful big squash from Lorraine Flagler's garden, and so help me it's like the proverbial fish story. That squash gets bigger and better with each telling. The fact remains, that Lorraine is almost as good a gardener as she is a dress saleswoman, and that's saying a lot. Of course, the dresses we have right now in our dress department, don't need selling. They literally walk right out of the store, they're so flattering and pretty. Mardee Wyckoff was showing me some of the back-to-school clothes yesterday—smart rayon fabrics that look like wool and are completely washable. One in particular was of a rose red and gray mixture with long torso, pleated skirt, and white pique touches at sleeve and neckline. When a miss wears this, an X can mean more than the unknown quantity in an algebra problem. . . . Florence Predmore is now stocking adorable little tags to go on Christmas gifts, and they will undoubtedly add an extra note of cheer to this year's celebration. Golden cords fasten these miniatures to the present, and the pictures are delightful, enhanced here and there with flecks of bright tinsel. The price? Six for a quarter. And here's a secret: Phoebe Conrad frames these very tags to hang on the walls of her shadow boxes as tiny pictures. . . . Stephen Foster is getting a terrific play right now down in our music store. Through the open window I can hear either Ruth Fetherman or Ernie Michelfelder going to town on one of our Betsy Ross spinets. Sounds good too. Wish they'd play Camp Town Races—I can't harness my thoughts to a typewriter anyway this morning. . . . Come in today! Our Saturday hours are 9 to 9, and we'll be watching for you!

Tommy Marsh Celebrates Sixth Birthday

Tommy Marsh, son of Mr. and Mrs. James Marsh of Shook Ave., was honored on his sixth birthday with a party at his home on Wednesday evening, August 11, when several little friends gathered to help him celebrate. Due to the showers, the children were unable to play out-of-doors but enjoyed several indoor games. The children were quite impressed with their ability to shoot target, which was one of the games Tommy received as a gift.

The table decorations were multi-colored and featured the birthday cake baked and decorated by Tommy's mother. Each little guest was given a horn and the favors were Indian baskets filled with candy.

Refreshments of ice cream, cake, soda, candy, peanuts and popcorn were served to the following children: Robert, Michael and Terrance Baird, Edward Laesser, James Sargent, Beryl Dennis, Connie and Tommy Marsh. Several of the children present, including Tommy, will enter Clearview first grade this September.

PP&L Places Power Plant In Operation

THE ELECTRIC power supply throughout Central Eastern Pennsylvania was increased yesterday when 132,500 kilowatts of capacity was added to the company's system. At 9:12 a.m. electricity from the utility's new Martins Creek plant flowed into the first distribution network for the first time.

Approximately 20 company officials, including Charles E. Oakes, president; H. Ferguson, operating vice president; George N. Keenan, engineering and construction vice president; and W. H. Kopenhaver, superintendent of the new plant, attended ceremonies in the plant control room.

C. E. Lewis, superintendent of generation, synchronized the first unit of the power plant with the rest of the PP&L's system.

The boiler, of record-size capacity, is capable of producing steam at the rate of 1,200,000 pounds per hour to run the 350-ton generator. The plant is of outdoor design, one of the first of this unusual construction in the North. Unlike other PP&L's plants in operation and appearance, the Martins Creek silhouette is dominated by two huge coal storage silos and correspond to the coal bunkers in a conventional plant.

Altogether the giant coal silos hold a total of 2400 tons. Now completely filled they will be kept that way to assure a 40-hour supply in the plant at all times. About 25,000 tons of coal are now contained in the storage yard for ultimate conversion into KW's at the rate of 1600 tons daily. The coal yard will eventually hold close to 100,000-ton capacity.

The new "KW Factory" with its 132,500 KW capacity, is the biggest single unit in the PP&L system.

Workmen are now laying the foundation for an identical unit, scheduled to be completed in 1956.

60-Day Season Recommended For Waterfowl

HARRISBURG, Aug. 13 (AP) — The Pennsylvania Game Commission today recommended a 60-day hunting season for waterfowl, ducks and geese to start Oct. 15 and end Dec. 15.

The recommendation was made to the U.S. Fish and Wildlife Service which will fix the official dates for all of the nation, including Pennsylvania.

State officials also said the season for waterfowl, ducks, geese and brant in counties adjacent to the Delaware River below Trenton Falls should be fixed for Pennsylvania and New Jersey alike.

The Pennsylvania recommendations for brant hunting called for a 30-day season starting Oct. 15 and ending Nov. 13; a 40-day season for woodcock between Oct. 1 and Nov. 9, and a 15-day season for snipe between Oct. 1 and 15.

Slate Belt Democrats To Picnic

BANGOR. Democratic leaders of Northampton County will be among 400 persons expected this afternoon for the Slate Belt Democratic picnic at Holland's Grove north of here.

Mrs. Dorothy A. Fuge, county vice-chairman, said last night the speakers will include Rep. Francis E. Walter, State Senator Joseph Yocco and assembly candidates James L. Gaffney, Mrs. Jeanette Reibman and Joseph Pacchioni.

Refreshments will be served at the picnic, slated from 2 to 6 p.m. The grove, Mrs. Fuge said, is located on Creek Road between here and North Bangor. The affair will be held rain or shine.

Crash Victim's Rites Planned

SERVICES for Lloyd E. Schroeder, 54, of 814 Sarah St., Stroudsburg, killed in an auto accident near Columbia, N. J., Thursday, will be held at 12:45 p.m. Sunday at Warner funeral home, Stroudsburg.

Officiating will be Rev. William F. Wunder. Burial will be at Stroudsburg Cemetery.

Friends may call at the funeral home from 7 to 9 p.m. Saturday. Schroeder was in a car operated by Orville John Zentz, 32, of 814 Thomas St., Stroudsburg, according to New Jersey troopers.

Police said the car veered across the road and into the path of a truck operated by Elmo Updike, 23, Lodi, N. Y. Charges of causing death by automobile have been filed against both Zentz and Updike, police said.

Stock List Closes Higher

NEW YORK, Aug. 13 (AP) — A final kick about sent the stock market higher today after it spent most of the session moving irregularly.

The Associated Press average of 60 stocks added 30 cents at \$133.60. It was down 30 cents yesterday. On the week, the market is substantially ahead.

The industrial component of the average gained 60 cents, railroads were up 70 cents, while the utilities remained unchanged.

Studebaker, whose workers voted to take a cut in wages to give the company a better competitive advantage, was moderately active and up 1/4 to 1 1/2. American Motors was lifted 1/2 at 11 1/2 after the announcement that Nash has boosted its production 18 per cent.

28th Division Converging On Indiantown Gap

INDIANTOWN GAP, Pa., Aug. 13 (AP) — Pennsylvania's 28th infantry division today began its first summer training encampment here in four years.

By truck, jeep, weapons carrier and bus they came—the men, or their replacements, who carried the colors of the Pennsylvania National Guard to Germany recently. Largest component of the PNG, the division was federalized in 1950, its last summer at the military reservation here, and released for inclusion in the guard only last year.

Through the early part of this year the guard has carried on intensive recruiting. The next 15 days will give the recruits a chance to show their mettle in the field.

Non-divisional guard units from all parts of the state will swell the number of citizen-soldiers here for the next two weeks to more than 11,000.

Hot meals, prepared by men who were put through a special pre-camp mess course, were ready for all units as they arrived.

Company 9, 109th Regiment, will leave the Armory in East Stroudsburg at 6 a.m. today and travel to Indiantown Gap in two 29-passenger coaches.

The sun rotates on its axis in about 27 days.

Demo Platform Drafters Call For Suggestions

HARRISBURG, Aug. 13 (AP) — More than 20 organizations—ranging from farmers and labor groups to lawyers and social welfare workers—will offer suggestions next week for the 1954 Democratic election platform.

Their chance will come at a two-day public hearing scheduled by the Democratic Platform Committee beginning Tuesday at a Harrisburg hotel.

Former U.S. Sen. Francis J. Myers, committee chairman, expressed surprise over the number of groups announcing they will be represented.

Suggestions are welcome from everyone regardless of politics, he said.

RILEY

By JIM RILEY
Sports Editor

TOMORROW's the day for which 3,000 people have been waiting for more than a month. It's the day on which the much talked about Eastburg Highlights and Festival of Celebrities show becomes a reality. The best in show business and tops in the sports world will make it possible for the youngsters of East Stroudsburg High School to have the best in lighting systems for their use in future years. Everything will be and is for the best. It's an affair that nobody can afford to miss.

Jesse S. Flory, chief burgess of East Stroudsburg, has set aside tomorrow as "Stadium Day" and has urged every resident of the borough to attend the program if at all possible. Flory is only one of many people who recognize the affair as a community project, in which both the school district and borough will benefit. Football teams, bands, future actors and those interested in various outdoor endeavors will benefit from the program.

For those not quite in step with our lingo today, maybe it would be a good idea to start from the beginning. The Varsity "E" Club, one of the most active organizations to be witnessed by this scribe, is currently in the middle of a drive for \$18,000 for a permanent lighting system now being constructed at Memorial Stadium. The club had \$3,000 in its treasury and is now hoping to raise \$15,000 through the show to be staged tomorrow.

Tom Waring, one of the greatest guys to ever appear on the local scene, will direct the show and has been doing a great job in rounding the program into one of guaranteed success. Tom has voluntarily taken on the task and has been working both night and day in recent weeks, assisted by Harry Obitz, head pro at Shawnee, and Mike Devitt, publicity and sales manager at the same resort. Reg Nauman, president of the Varsity "E" Club and Paul Bartholomew, chairman of the ticket committee, have both been going at top speed for weeks to make the show a success.

Their work hasn't been in vain, as is proven by remarks from some of our outstanding residents. President Judge Fred W. Davis, Monroe-Pike County Courts, termed the project very worthwhile and deserving of all the support of people in the area. Flory has called it the greatest thing to ever hit East Stroudsburg. George Gaff, well known sportsman and author of "When Irish Eyes Are Smiling" has praised the teamwork and enthusiasm shown during the drive and maintains that its importance will be felt in future years as our current high school students become adults.

Senator Montgomery F. Crowe several weeks ago threw his entire support into the program and let it be known that he was very much in agreement with the work being done by the Varsity "E" Club and predicted it would help both the youths and adults of East Stroudsburg in future years. Fred Waring, owner famous name in music, is also in complete accord with the work being done and has also given members of his staff a free hand in making the show possible.

Paul Delaria, president of the Exchange Club and well known in union circles, went on record the other day as wishing the Exchange Club could afford even more than 40 tickets purchased by the organization for the show, as all concerned were well aware of just what the project means to the community. I could go on for hours passing out comments made by our various outstanding citizens, each realizing that this is a chance that none of us can afford to miss.

Top stars of show business and outstanding personalities of the sports world will be on hand. There will be many times five dollars worth of entertainment and each ticket will serve as a share in the lighting system now being constructed. There are still a few tickets on sale and according to reports last night the number is becoming smaller by the minute.

In closing this final pre-show column, it might be a good idea to point out that the Varsity "E" Club owes the people of Tyrone, Pa., a huge "THANKS". The Varsity "E" originally had agreed to pay the expenses involved in bringing the Tyrone Drum and Bugle Corps here. But, yesterday it was made known that the people of Tyrone had dug down into their own pocket to make the trip possible and to help insure the success of the show and the drive for lights. Teamwork—it's wonderful.

Evens Outlast Odds In Wild All-Star Marathon, 18-17

Nine Runs In Sixth Inning Decide Issue

EVENS outlasted the Odds in an 18-17 Pocono Mountains League All-Star marathon baseball game that required two hours and 45 minutes to complete. The largest crowd to see a baseball game at Gordon Giffels Field this season was present for last night's encounter.

The game was halted after seven innings due to the late hour. Nine runs in the sixth inning enabled the Evens to overcome a deficit that reached 8-1 and 12-4 at two points in the early innings. The Odds appeared to have the contest well in hand after scoring eight runs in the second, but the Evens fought back to score four times in the fifth, nine in the sixth and once in the seventh to win.

A four-run rally in the final frame failed to save the final verdict for the Odds. Bob "Rob" Burkett, West End, was credited with the pitching victory, while Bill "Bump" Metzgar, Tannersville, suffered the defeat. Metzgar's wildness, and not enemy bats, brought about his downfall. Free hitting, a total of 15 errors and wildness on the part of pitchers marked the contest from start to finish.

Jimmy Werkheiser, Tannersville, led the losing attack with a perfect four-for-four showing at the plate. The output included a double and three singles. Floyd "Reds" Kresge banded out three safeties in four trips to the plate to lead the winning offensive. Box score follows:

Cardinals Trip Redlegs, 10-8
CINCINNATI, Aug. 13 (AP)—A sinking line by Wally Moon in the ninth inning which Cincinnati Manager Birdie Tebbetts claimed was caught—gave the St. Louis Cardinals a 10-8 come-from-behind victory tonight over the Redlegs. Tebbetts was thrown out of the game when he protested center-fielder Bus Bell snared the ball to retire the side.

Braves Decision Chicago, 5-2
MILWAUKEE, Aug. 13 (AP)—Dol Crandall smashed a three-run homer with one out in the ninth inning tonight, breaking up a tie ball game and giving the Milwaukee Braves a 5-2 triumph over the Chicago Cubs, their seventh straight victory and their 18th in the last 20 games.

Pro Gridders Roll Over Collegians

CHICAGO, Aug. 13 (AP)—Young Tom Bublinski, an alumnus of Utah, piloted the Detroit Lions to victory tonight, 31 to 6 over the College All-Stars before 93,470 at Soldier Field in the first big game of the 1954 football season. Gross receipts were \$445,650.

Dublinski took over the quarterback post of Bobby Lane, the ace of the National Football League Champions, and passed and ran in sparkling style. Jack Christensen and Lew Carpenter gave him solid support.

The All-Stars, bottled up most of the time by the big Detroit line, scored their only touchdown at the start of the third period when Dublinski fumbled on the

Detroit 15, for his only bad miscue of the night, and Jerry Hilgenberg of Iowa recovered on the five. Johnny Lattner of Notre Dame scored on a wide sweep.

The game was played under college rules restricting substitutions. The Lions, accustomed to the two platoon system, used a patched lineup that was, nevertheless, highly effective.

Lattner, Carlton Massey of Texas, a big end, and Zeke Bratowski of Georgia, a sharp passing quarterback, and Veyrl Switzer, a Kansas back, looked best for the All-Stars, coached by Jim Tatum of Maryland.

The Lions opened their scoring on a spectacular one. With the

ball on the All-Star 28, James Martin dropped back to the 36 and kicked a low, fast field goal, a total distance of 46 yards. Lattner's fumble, recovered by Thurman McGraw, set it up. The three points came after only 2:57 of play, from then on it was the Lions' game.

One of the most surprising touchdowns occurred in the last period when James Doran of the Lions snatched the ball out of the arms of Neil Warden of Notre Dame and ran 34 yards to score. The Lions' two first period touchdowns were made on long drives. The first was scored in seven plays starting from mid-field, with Lewis Carpenter rip-

ping off 20 yards to set the march going, and Donak Walker, scoring from the 5. The Lions drove 74 yards for their second touchdown, and Carpenter's 21-yard dash close to the sidelines was the longest gain again. He scored the touchdown from the 2.

After the All-Stars had scored their single touchdown at the start of the second half, to make it 17-6, the Lions reacted with savage fury. Taking the ball on their 32, they moved promptly to a touchdown, with Dublinski passing to Dorne Dibble for 120 and 17 yards, and Carpenter finally scoring from the 2 after Christensen's 12-yard run set it up.

Pirates Sweep Doubleheader From Phillies

PHILADELPHIA, Aug. 13 (AP)—The Pittsburgh Pirates mauled the Philadelphia Phillies in two games tonight, 10-0 and 10-0. The Pirates' three-run homer by Sid Gordon and Preston Ward and then backed rookie Vernon Theis three-hitter with a four-run spurge to sweep a doubleheader at Connie Mack Stadium, tonight 9-5 and 5-0.

The double win was a stepping stone to Pittsburgh's most successful campaign in recent years, even though the club is still far behind in last place.

A's Edge Senators, 3-2
WASHINGTON, Aug. 13 (AP)—Jim Finigan stole home in the eighth inning to score the decisive run as the Philadelphia Athletics broke an eight-game losing streak tonight by edging Washington, 3-2.

On the hotly disputed steal, catcher Joe Tipton of the Senators was evicted by Bill Grieve, plate umpire, for protesting too vigorously.

Finigan and Vic Power, with three hits each, sparked the A's eight-hit attack against Dean Stone and loser Camilo Pascual. Stone, hit on the left arm by Finigan in the fourth inning, left the game but X-rays showed no serious damage.

The A's victory came on the heels of a rough series in New York, in which the Yanks won four games.

Minoso's Triple Gives Chisox Nod Over Tigers In 16th, 1-0

CHICAGO, Aug. 13 (AP)—Minnie Minoso's triple, scoring Nellie Fox from first base in the 16th inning, broke up a brilliant pitching duel between Jack Harshman and Al Aber and gave the Chicago White Sox a 1-0 victory over the Detroit Tigers today.

"Chico" Carrasquel opened the home 16th with a single to left, the eighth hit off Aber. Fox attempted to sacrifice but forced Carrasquel. Minoso then sliced a drive down the right field line and Fox raced home to end the three hour and 50 minute marathon.

The Tigers argued that an usher, stationed in foul territory to retrieve foul balls, had interfered with outfielder Al Kaline, but the umpires couldn't see it that way. They contended the usher had gotten up from his chair and made a move toward the ball but did not touch it or interfere with Kaline.

Each pitcher allowed nine hits in a southpaw battle that set a new record for length in the league this year. Harshman, who struck out 12 men, now has pitched 25 consecutive scoreless innings. He walked seven, most of them in the late innings. Aber walked only three and struck out eight.

The game fell two innings short of matching the major league record for long 1-0 contests, with two such 18-inning marathons on record in both the National and American leagues. Oddly enough, the White Sox figured in both of the American League affairs, losing to Washington each time.

Yankees Win On Slaughter's Triple, 8-2

NEW YORK, Aug. 13 (AP)—Balding, 38-year-old Enos Slaughter got off the bench and slammed a pinch-hit triple with the bases loaded to break a tie and lead the New York Yankees to an 8-2 victory over the Boston Red Sox.

"Whitey" Ford tossed the Yankee pitching staff's fifth straight complete game in the process of stopping the Red Sox, and until Slaughter got his mighty blow, had no easy time of it against young Leo Kiely. The Yanks managed to score once off him in the second, only to have Lou Boudreau's men come back with two in the third. Then the Yanks tied it with one more in the fifth and set the stage for Slaughter.

With one out, "Yogi" Berra walked. Bill Skowron grounded to Sam Mele who tried to get Berra, but threw wild. That put "Yogi" on third and Skowron on second.

Then Slaughter came up to bat for little Willie Miranda. Miranda grounded out for Mele in the fifth, but Slaughter's triple scored him and Skowron and Berra.

Ray Lambert

Pocono Manor To Feature Golf Tourney

POCONO MANOR — Ray Lambert, Mountain Manor, will be one of seven Monroe County golf pros in the field of 15 play-for-pay entries in the fourth annual Pocono Manor Pro Member Tournament here tomorrow.

The affair, which also features 45 top flight amateurs, is being held to celebrate Pocono Manor Inn's 52nd anniversary.

Other area pros taking part in the tournament are Tony Midiri, Glen Brook; Ted Beadle, Buck Hill Falls; Harold Calloway, Skytop; Mike Megard, Buck Hill, and host pro Jack Cutler, Al Smith, assistant pro at Pocono Manor and a graduate of East Stroudsburg State Teachers College will also take part in the action.

John Vasco, Lehigh, won last year's tournament and will be back again tomorrow. Other well known pros on the entry list are Ken Milne, Northampton; Bob Francis, Wilkes-Barre, and Johnny Bishop, Shamokin.

Play will be over an 18-hole route and will get underway at 1 p.m. There will be several prizes for both professionals and amateurs.

There will also be a 36-hole tournament for guests of the resort over the weekend.

Babe Ruth League Features Protest

FREDERICK, Md., Aug. 13 (AP)—The president of the Frederick, Md., Babe Ruth League, Inc., said today the executive chairman of the national Babe Ruth League has agreed to hear a protest of the "disgraceful" handling of the region two playoffs at Clarksburg, W. Va.

The Frederick head of the youngsters' baseball organization, Theron D. Green, said the hearing was set for Sunday in Washington.

Lightweight Walloper Shoots Record Score To Take Second Round Lead In World Tourney

CHICAGO, Aug. 13 (AP)—Bob Toski, a 127-pound walloper from Livingston, N. J., turned Tam O'Shanter into a target range today with a 34-31-65 for a 36-hole course record total of 132-12 under par—and a three-stroke lead at the halfway mark in the \$150,000 "world" tournament.

The little 27-year-old pro, third on the PGA money—winning list with a collection of \$14,938, had a good working margin as he headed for tomorrow's third round in the stamperede for an unprecedented first award of \$50,000 in cash and a \$50,000 exhibition contract.

His nearest rivals were two veterans, Johnny Palmer, 36-year-old North Carolinian who won the "world" in 1949, and the persis-

tent tournament chaser, 44-year-old Dutch Harrison.

Palmer fired a 36-32-68 in the second round and the unflagging Harrison coupled 31's, each to draw up at 135.

Only one stroke away at 136 were well-seasoned George Fazio with a 66; Walter Burkemo, 1953 national PGA champion and runner-up this year, with a 70; Jack Burke with 67; Earl Stewart Jr., the first round leader who welded a 71 to his opening 65; and British Open titlist, Peter Thomson of Melbourne, who notched a second straight 68.

In all 48 pros in the field of 96 were par 144 or better; and 39 of them had beaten that standard.

In other "world" divisions being run off simultaneously in the complex Tam Jamboree, these were the 36-hole standings:

Men amateurs—Arnold Palmer of Cleveland with a 70 today for 158. Frank Stranahan second with 72 for 141.

Women amateurs—Mickey Wright of San Diego with 76 and "Wife" Smith, defending champion from LaCanada, Calif., with 74—each with a 153 total.

Women pros—Patty Berg, 75 for 141, eight under par; Louise Suggs second with 76 for 148, and All-American champion Babe Zaharias third with 73 for 149.

Art Wall Jr., Pocono Manor, Pa., shot a 69 for a 141 total in the "world" tournament.

Speedway Ups Purse

STROUDSBURG Speedway will increase its purse to \$1,000 this Sunday, it was announced this week by Harold Snider, track manager.

Monroe County's only active racing surface will elevate its winning cash shares to the highest in the history of the track, as open competition attracts the truly outstanding stock car drivers in New York, New Jersey and Pennsylvania.

Stroudsburg Speedway will also feature a giant fireworks display this Sunday and "Buzzy," the clown, will be back with his crazy antics. "Buzzy" will also have lollypops for all children present.

The five event program will consist of three 10-lap qualifying heats, a 12-lap consolation grid and a feature event of 25 laps. The first heat is scheduled to get underway at 8:30 p.m.

Harry Charles, Easton, will be back in an attempt to land his fifth feature victory of the current season at Stroudsburg Speedway. Middletown, N. Y., will send a group of entries in an effort to replace Easton as the top town in racing.

Last week Easton entries captured the first four places in the final standing. But this Sunday such Middletown drivers as Russ Dodd, Jim Heater, Joe Romer and George Romer will be on hand to battle Easton greats such as Freddie and Chet Fehr, Ken Wisner, and Dave and Ken Rapp.

Jackie Burgstesser, Phillipsburg, N. J., and Ray Brown, White Plains, N. Y., are other highly ranked speed merchants slated to be on hand for the big show.

Eagles Open Campaign

HERSHEY, Pa., Aug. 13 (AP)—The Philadelphia Eagles unveil their 1954 edition tomorrow night in Hershey Stadium against the Baltimore Colts. The two National Football League teams engage in an exhibition game with the kickoff for 8:35 p.m. (EDT).
